PENNSBURG, PA.**

**P**ENNSBURG is located on the Perkiomen R. R. forty-five miles north of Philadelphia, Pa., in the beautiful Perkiomen Valley drained by the Perkiomen River and its tributaries. Nearly all of our plants are collected in this beautiful fertile valley, perfectly hardy, good salable stock, free from all disease or injurious insects.

### **Read the Following Before Ordering**

Prices in this list are f. o. b. Pennsburg, Pa., packing at cost.

All goods shipped at purchaser's expense.

Cash or satisfactory reference must accompany all orders from unknown parties.

Errors and mistakes which we make will be cheerfully corrected if notice is given us immediately after goods is received, but we cannot assume any responsibility for the stock after being delivered to the Transportation Company in good condition and taken their receipt thereof.

While our prices are very low, we do not sell less than one dozen of any one kind of plants.

We ship plants when in bloom if requested, but as this takes extra work and special care in packing, we make an extra charge of fifteen cents for each dozen so ordered.

While we have to travel quite a distance to collect some of these plants, those marked with a \* will not be supplied in quantities less than two dozen.
